INDEPENDENT AUDITORS'REPORT  
-----

Board of Directors  
MyFreeBingoGame.com, Inc. (The Company)  
Las Vegas, Nevada 89109

August 14, 2000

I have audited the Balance Sheet of MyFreeBingoGame.com, Inc. (A Development Stage Company), as of June 30, 2000, and the related Statements of Operations, Stockholders' Equity and Cash Flows for the period March 20, 1997 (Date of Inception) to June 30, 2000. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis evidence supporting the amounts and disclosures in the financial statement presentation. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MyFreeBingoGame.com, Inc., (A

Development Stage Company), as of June 30, 2000, and the results of its operations and cash flows for the period March 20, 1997 (Date of Inception) to June 30, 2000, in conformity with generally accepted accounting principles.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has had limited operations and has not generated significant revenues from planned principal operations. This raises substantial doubt about its ability to continue as a going concern. Management's plan in regard to these matters is also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.
