CURRENT INFORMATION REGARDING THE COMPANY

The following is a description of the current operations of the Company.

ABOUT OUR COMPANY

The Company, is headquartered in Strongsville, Ohio, and maintains all business functions in that area. However, on September 1, 2004, the Company entered into a share exchange agreement with Integrated Forest Products Pty Ltd, an Australian timber concern ("Integrated" and "Exchange Agreement", respectively). The Exchange Agreement requires that the Company take the steps enumerated in this Definitive Information Statement to conclude the proposed transaction at which time the Company will be an operating timber company.

HOW WE ARE ORGANIZED

We were originally organized by the filing of Articles of Incorporation with the Secretary of State of the State of Nevada on September 21, 1998 under the name Oleramma, Inc. The Articles of Incorporation were eventually amended to authorize the issuance of one hundred five million (105,000,000) shares, consisting of one hundred million (100,000,000) shares of Common Stock at par value of \$0.001 per share and five million (5,000,000) shares of Preferred Stock at par value of \$0.001 and we currently have eighty million (80,000,000) shares outstanding.

MARKET FOR COMMON EQUITY AND OTHER STOCKHOLDER MATTERS

Our common stock is trading on the OTC Bulletin Board under the symbol "MLTI". Inclusion on the OTC Bulletin Board permits price quotation for our shares to be published by such service.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors of the Company (the "Board") believes that the stockholders of the Company will benefit from the Exchange Agreement and the transaction proposed therein by acquiring a timber operation with significant

4

assets and prospects of future growth. In order to facilitate such transaction, the Board has determined that the capitalization structure of the Company should be recapitalized through the steps enumerated herein as well as the appointment of the new board of directors.

ACTIONS TO BE TAKEN

This Information Statement contains a brief summary of the material aspects of the actions approved by the Board and the holders of the majority of the outstanding voting capital stock of the Company.

DECREASE THE NUMBER OF ISSUED AND OUTSTANDING SHARES OF OUR COMMON STOCK

GENERAL

The Board approved resolutions to effect a one-for-two hundred reverse stock split. Under this reverse stock split each two hundred shares of our Common Stock will be converted automatically into one share of Common Stock. To avoid the issuance of fractional shares of Common Stock, the Company will issue an additional share to all holders of a fractional share .50 or greater and no additional shares shall be issued to a holder of a fractional share less than .50 and the fractional shares less than .50 shall be cancelled. The effective date of the reverse stock split will be October 11, 2004.

PLEASE NOTE THAT THE REVERSE STOCK SPLIT WILL NOT CHANGE YOUR PROPORTIONATE EQUITY INTERESTS IN THE COMPANY, EXCEPT AS MAY RESULT FROM THE ISSUANCE OR CANCELLATION OF SHARES PURSUANT TO THE FRACTIONAL SHARES.

MATERIAL EFFECTS OF THE REVERSE STOCK SPLIT

As a result of the Exchange Agreement, the Company must recapitalize itself by performing a reverse stock split, increasing the authorized and issuing a significant number of shares to the shareholders of Integrated Forest Products Pty Ltd.

When a company engages in a reverse stock split, it substitutes one share of stock for a predetermined amount of shares of stock. It does not increase the market capitalization of the company. An example of a reverse split is the following. For example, a company has 10,000,000 shares of common stock outstanding. Assume the market price is \$.01 per share. Assume that that company declares a 1 for 5 reverse stock split. After the reverse split, that company will have 1/5 as many shares outstanding or 2,000,000 shares outstanding. The stock will have a market price of \$.05. If an individual investor owned 10,000 shares of that company before the split at \$.01 per share, he will own 2,000 share at \$.05 after the split. In either case, his stock will be worth \$100. He's no better off before or after. Except that such company hopes that the higher stock price will make that company look better and thus the company will be a more attractive merger target for potential business. There is no assurance that that company's stock will rise in price after a reverse split or that a suitable merger candidate will emerge.

5

The reverse split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests in the Company or proportionate voting power, except to the extent that the reverse split results in any of our stockholders owning a fractional share. In lieu of issuing fractional shares, one share will be issued to all holders of a fractional share .50 or greater and the fractional share of less than .50 will be cancelled.

The principal effect of the reverse split will be that the number of shares of Common Stock issued and outstanding will be reduced from 80,000,000 shares as of September 1, 2004 to approximately 400,000 shares on October 11, 2004 (depending on the number of fractional shares that are issued or cancelled). The number of authorized shares of Common Stock will not be affected.

The reverse split will not affect the par value of our Common Stock. As a result, on the effective date of the reverse split, the stated capital on our balance sheet attributable to our Common Stock will be reduced to up to 1/200 of its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of our Common Stock will be increased because there will be fewer shares of our Common Stock outstanding.

The reverse split will not change the proportionate equity interests of our stockholders, nor will the respective voting rights and other rights of stockholders be altered, except for possible immaterial changes due to the cancellation of fractional shares. The Common Stock issued pursuant to the reverse split will remain fully paid and non-assessable. The reverse split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Securities Exchange Act of 1934. We will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934.

Stockholders should recognize that they will own a fewer number of shares than they presently own (a number equal to the number of shares owned immediately prior to the filing of the certificate of amendment divided by two hundred) and will be significantly diluted as a result of the issuances contemplated in the Exchange Agreement.

PROCEDURE FOR EXCHANGE OF STOCK CERTIFICATES

The reverse split will become effective on October 11, 2004, which we will refer to as the "effective date." Beginning on the effective date, each certificate representing pre-reverse split shares will be deemed for all corporate purposes to evidence ownership of post-reverse split shares.

Our transfer agent, Transfer Online, will act as exchange agent for purposes of implementing the exchange of stock certificates and payment of fractional share interests. We refer to such person as the "exchange agent." Holders of pre-reverse split shares are asked to surrender to the exchange agent certificates representing pre-reverse split shares in exchange for certificates representing post-reverse split shares in accordance with the procedures set forth in the letter of transmittal enclosed with this Information Statement. No new certificates will be issued to a stockholder until that stockholder has surrendered the stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal.

6

Our stockholders are not entitled to appraisal rights under the Nevada

Revised Statutes in connection with the reverse stock split.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES WITHOUT THE LETTER OF TRANSMITTAL.

FRACTIONAL SHARES

We will not issue fractional certificates for post-reverse split shares in connection with the reverse split. Instead, an additional share shall be issued to all holders of a fractional share .50 or greater and no additional shares shall be issued to a holder of a fractional share less than .50. To the extent any holders of pre-reverse split shares are entitled to fractional shares as a result of the reverse stock split, the Company will issue an additional share to holders of a fractional share .50 or greater and cancel the fractional shares without issuing an additional shares to holders of a fractional share less than .50.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES WITHOUT THE LETTER OF TRANSMITTAL.

SUMMARY OF REVERSE STOCK SPLIT

Below is a brief summary of the reverse stock split:

- o The issued and outstanding Common Stock shall be reduced on the basis of one post-split share of the Common Stock for every two hundred pre-split shares of the Common Stock outstanding. The consolidation shall not affect any rights, privileges or obligations with respect to the shares of the Common Stock existing prior to the consolidation.
- o Stockholders of record of the Common Stock as of October 11, 2004 shall have their total shares reduced on the basis of one post-split share of Common Stock for every 200 pre-split shares outstanding.
- o As a result of the reduction of the Common Stock the pre-split total of issued and outstanding shares of 80,000,000 shall be consolidated to a total of approximately 400,000 issued and outstanding shares (depending on the number of fractional shares that are be issued or cancelled)
- o The Company's authorized number of common stock shall remain at 100,000,000 shares of the Common Stock but shall be increased to 300,000,000 shares after the number of authorized has been increased accordingly.

This action has been approved by the Board and the written consents of the holders of the majority of the outstanding voting capital stock of the Company.

INCREASE OF THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

GENERAL

Our Board unanimously approved the increase of our authorized common shares from 100,000,000 to 300,000,000 on September 1, 2004. On that same day the Company thereafter received the consent of the majority of the outstanding shares of our common stock. The Company will, when permissible following the expiration of the twenty (20) day period mandated by Rule 14c and the Nevada Revised Statutes, file an amendment to our Articles of Incorporation increasing the authorized shares of the Company. This amendment will not be filed until after a date which is at least twenty (20) days after the filing and mailing of this Definitive Information Statement. Immediately thereafter the company will issue 257,000,000 shares to various individuals and entities.

INCREASE OF AUTHORIZED

The increase of our authorized common stock will not have any immediate effect on the rights of existing stockholders. However, our Board will have the authority to issue authorized common stock without requiring future stockholder approval of such issuances, except as may be required by applicable law or exchange regulations. To the extent that additional authorized shares are issued in the future, they will decrease the existing stockholders' percentage equity ownership and, depending upon the price at which they are issued, could be dilutive to the existing stockholders.

The increase in the authorized number of shares of our common stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock could be issued (within the limits imposed by applicable law) in one or more transactions. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The proposed Amendment to the Articles of Incorporation, attached hereto as Appendix A, will become effective when they are filed with the Nevada Secretary of State. We anticipate that such filing will occur twenty (20) days after this Definitive Information Statement is first mailed to shareholders.

The entire cost of furnishing this Information Statement will be borne by the Company. We will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of our common stock held of record by them.

CHANGE OF COMPANY'S NAME

In addition to the aforementioned actions the Company shall change its name from "Multi-Tech International, Corp." to "Australian Forest Industries" and amend its Articles of Incorporation accordingly.

The proposed Amendment to the Articles of Incorporation, attached hereto as Appendix A, will become effective when they are filed with the Nevada Secretary of State. We anticipate that such filing will occur twenty (20) days after this Definitive Information Statement is first mailed to shareholders.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 78.751 of the Nevada Revised Statutes enables a corporation in its original articles of incorporation or an amendment to eliminate or limit the personal liability of a director to a corporation or its stockholders for violations of the director's fiduciary duty, except:

- o for any breach of a director's duty of loyalty to the corporation or its stockholders;
- o for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; or
- o for any transaction from which a director derived an improper personal benefit.

Our articles of incorporation provides in effect for the elimination of the liability of directors to the extent permitted by the Nevada Revised Statutes.

Section 78.7502 of the Nevada Revised Statutes provides, in summary, that directors and officers of Nevada corporations are entitled, under certain circumstances, to be indemnified against all expenses and liabilities (including attorney's fees) incurred by them as a result of suits brought against them in their capacity as a director or officer, if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if they had no reasonable cause to believe their conduct was unlawful; provided, that no indemnification may be made against expenses in respect of any claim, issue or matter as to which they shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, they are fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper. Any such indemnification may be made by the corporation only as authorized in each specific case upon a determination by the stockholders or disinterested directors that indemnification is proper because the indemnitee has met the applicable standard of conduct. Our bylaws entitle our officers and directors to indemnification to the fullest extent permitted by the Nevada Revised Statutes.

We have agreed to indemnify each of our directors and certain officers against certain liabilities, including liabilities under the Securities Act of 1933. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the provisions described above, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than our payment of expenses incurred or paid by our director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
